Functional design for every room

You have probably heard of the saying "Design follows function", sometimes ironically changed to "Function follows design".

Where the FN acoustic panels are concerned, none follows the other. Here, design and function are matched precisely, creating a design element with a double impressive effect for every room. And it gets even better – this shapely, functional product is also sustainable.

Fields of application:

In private surroundings:

- Living room – perfect for your office at home
- Hall stand and hallway
- Bedroom
- Children's room
- Music room
- Dining room

In professional surroundings:

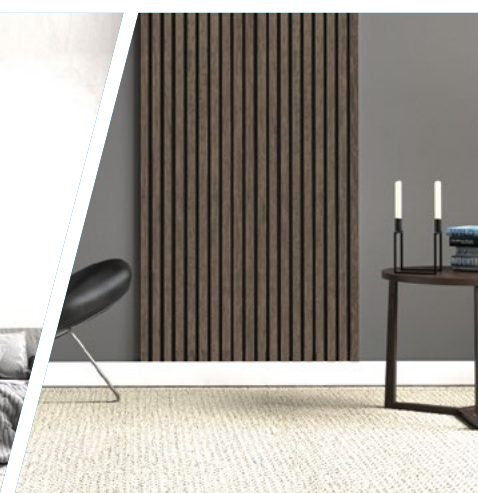

- Hotel business/catering trade
- Service providers/waiting rooms
- Canteens
- Offices
- Decorative shop design
- Showrooms
- Customer areas in banks, etc.

Acoustic panels

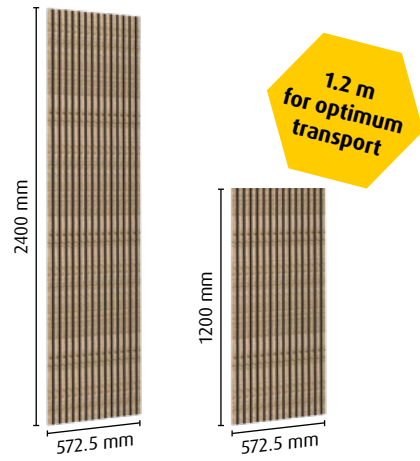

Individual profiles

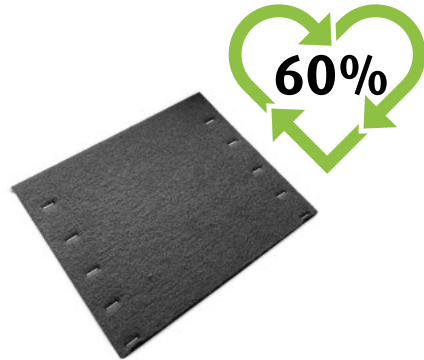

Basic profile for height compensation

Facts

2 different sizes >>> 572.5 x 2400 x 19 mm
>>> 572.5 x 1200 x 19 mm

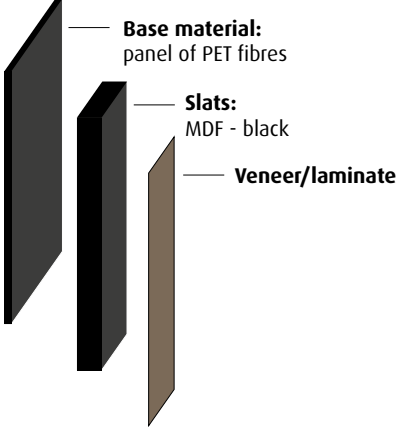

8 different décors in stock and countless possibilities on request thanks to our in-house digital printing

Base material: Consisting of PET fibres with a recycling rate of up to 60% (recycled PET bottles)

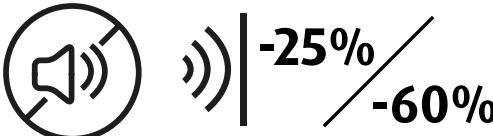

2 different surfaces >>> laminated
>>> veneered

Base material:
panel of PET fibres

Slats:
MDF - black

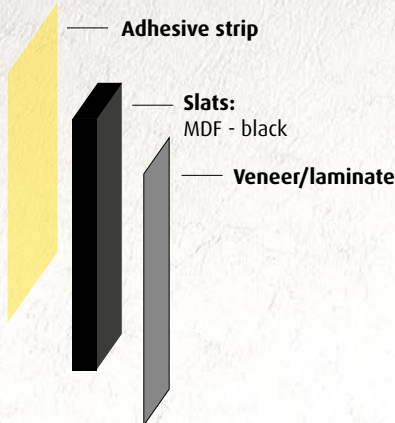

Veneer/laminate

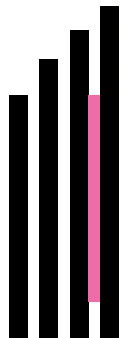

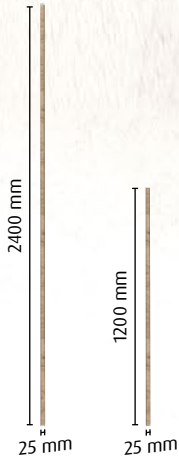

Sound insulation: Reduces noise by up to 25%
Weighted noise absorption coefficient: $\alpha_w = 0.25$
Tested in accordance with EN ISO 354 and EN ISO 11654.
With a sub-structure of approx. 10 cm, soundproofing is increased to 60%: $\alpha_w = 0.60$.

Individual profiles

2 different surfaces >>> laminated
>>> veneered

2 different sizes >>> 25 x 10 x 2400 mm
>>> 25 x 10 x 1200 mm

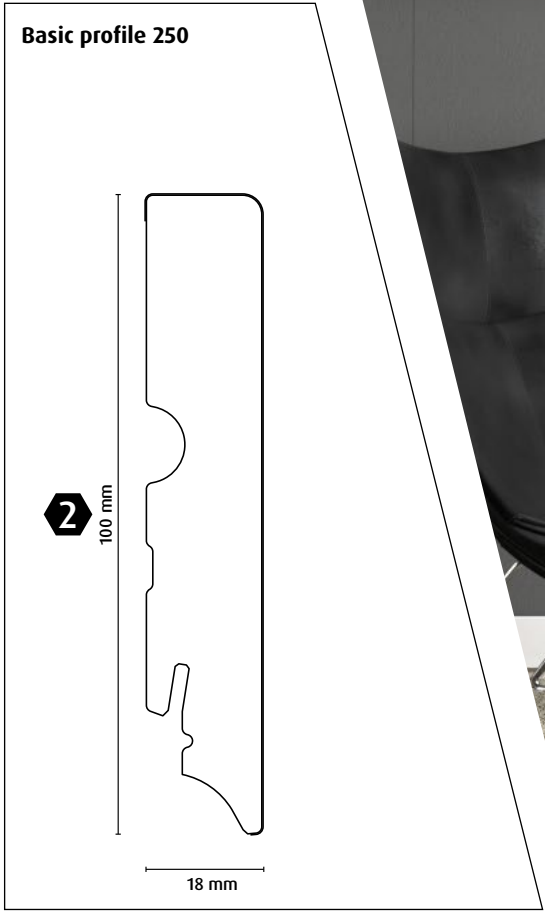

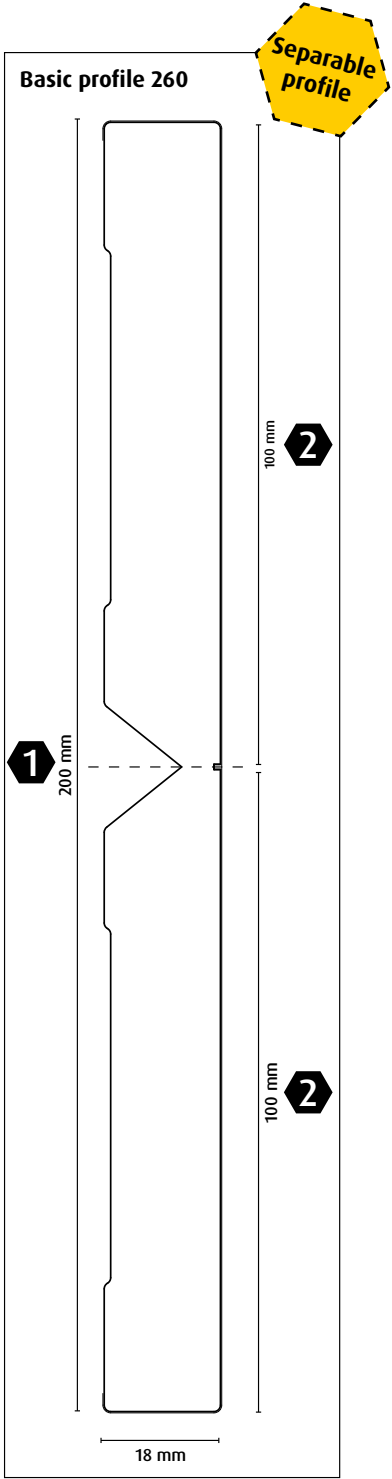

Spacer: A 15 x 18 x 1200 mm spacer is available as an assembly aid

Basic profile

Extend the acoustic plates by up to 20 cm

For room heights of 250 cm and 260 cm, basic profiles have been designed which make installation of the panels easier, since they are installed directly on the profile previously mounted.

- Advantages:
- Height compensation to room height
 - Facilitates cleaning in the base area
 - Elegant end profile
